What the Pros Know

Before cleaning toilet bowl, remove half the water from the toilet by pouring a pail of water into the toilet bowl. This will spring the trap by draining half the water. Pour into the remaining water approximately 6 ounces of Bronco.

Description

A high acid cleaner formulated to remove scale, rust and hard water deposits, from toilet bowls and urinals. Contains 24% inhibited hydrochloric acid and specially selected detergents to quickly and completely attack the most stubborn deposits. The special inhibitors protect plumbing, once soils are flushed away.

Directions

Wear safety equipment recommended on MSDS, place Wet Floor Signs and read all directions and cautions prior to beginning your work.

FOR INSIDE OF TOILET BOWLS AND URINALS ONLY.

DO NOT USE ON MARBLE, TERRAZZO, STAINLESS STEEL, CHROME, ALUMINUM OR PLASTICS. SPOT TEST ON UNKNOWN SURFACES.

FOR CLEANING TOILET BOWLS & URINALS: *Flush toilet and use swab mop to push water from the bowl over trap. Press swab mop against bowl to remove excess water, then saturate mop with bowl cleaner while holding bottle and applicator over bowl. Swab bowl or urinal completely making sure to get under the rim. Let stand for 10 minutes then flush. Rinse applicator completely.*

WEAR RUBBER GLOVES AND GOGGLES OR FACE SHIELD AT ALL TIMES.
