What the Pros Know

Phosphoric Acid restroom cleaners are non-fuming and less corrosive than those made from Hydrochloric Acid. Do not Mix with bleach, ammonia, or non-acid restroom products.

- Powerful - Removes mineral deposits, soap scum and rust
- One step - Labor saving cleaner-disinfectant
- Concentrate - Fast acting, heavy duty, economical
- Mild phosphoric acid formula - Use on tubs, sinks, toilets, tile, shower doors, and plated fixtures
- Hospital grade disinfectant - Proven germ killing power
- Fresh smelling, powerful deodorant - Leaves rooms smelling fresh and clean
- Fungicidal - Kills pathogenic fungi
- Mildewcidal - Kills odor causing mold and mildew

P.S.T. Plus Concentrate is a very efficient mineral and soap scum remover combined with outstanding disinfecting properties. It quickly removes hard water deposits, soap scum, and rust from tubs, sinks, toilets, tile, shower doors, and chrome plated fixtures with no subsequent pitting or discoloration. The mild-acid formula is nonfuming and leaves a pleasant fragrance.

This heavy duty, fast acting bath and shower cleaner disinfects, deodorizes and inhibits the growth of mold and mildew for superior protection. It is formulated to kill *Staphylococcus aureus*, *Pseudomonas aeruginosa*, *Streptococcus pyogenes*, *Salmonella choleraesuis*, *Brevibacterium ammoniagenes*, *Enterobacter aerogenes*, *Escherichia coli*, *Klebsiella pneumoniae*, *Proteus mirabilis*, *Salmonella typhi*, *Serratia marcescens*, *Shigella dysenteriae*, HIV-1 (AIDS Virus) and Herpes Simplex Types 1 & 2 commonly found in hospital, industrial and institutional environments.

Directions

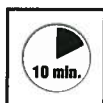

Wear safety equipment recommended on MSDS, read all directions and cautions prior to beginning your work.

Dilute this product 3 oz. per gallon with tap water.

Apply with a cloth, mop, sponge, or spray to non porous surfaces, thoroughly wetting the surface.

Allow to work 10 minutes to assure complete disinfection. Let dry.

Quickly removes
