Foam:	High
Phosphate:	None
Rinsability:	Excellent
Flash Point (TCC):	> 200°F
Storage/Stability:	1 year
Weight Per Gallon:	8.45 lbs.
Freeze/Thaw Stability:	Keep from freezing

What the Pros Know

Conventional cleaning methods begin to remove the stain protection from carpet fibers after 2 to 3 cleanings. Automatic Shampoo contains DuPont Zonyl® Soil and Stain Protector that enhances stain resistance while cleaning the carpet in one labor-saving step.

Team Pleascent Clean

This product is one of several that feature the exclusive "Pleasant Scent" fragrance. The pros know that when you select multiple products with a common fragrance you are insuring that your facility will give a positive impression. Insist on Team Pleascent Clean cleaners and odor counteractants for your carpets, hard surfaces and restrooms.

Description

High-sudsing, soap-free, dry foam shampoo penetrates and removes heavy soil. Formulated for use with rotary and foam machines. Can also be used to shampoo upholstery. Hard water tolerant and leaves no sticky residue. Low moisture foam helps speed drying. Soil retardant additive enhances stain resistance. Pleascent Scent fragrance.

Directions

Read all directions and cautions on the label prior to using. Consult the MSDS for recommended personal protection equipment.

For Rugs and Carpet: Vacuum carpet thoroughly. Pre-test carpet for colorfastness in an out-of-sight area. Spot clean or pretreat heavily soiled areas with your favorite SSS prespray according to label directions.

Rotary Machine Shampooing: Dilute 1:16 (8 oz. per gallon of water).

Dry Foam Shampooing: Dilute 1:8 (16 oz. per gallon of water). Work the rotary shampoo machine in overlapping circles with the solution feed on. Turn off the solution feed and work back over the area a second time. When using a shampoo machine, operate it in a back and forth motion to ensure even coverage. Avoid overwetting the carpet.

After shampooing, use a wet vacuum to pick up soil and foam, vacuum carpet when dry. Or, extract with SSS Carpet Rinse Plus according to label directions. Add SSS Defoamer to the recovery tank as necessary. Set the carpet pile and protect the carpet from furniture legs and bases while drying. Allow to dry thoroughly before opening to traffic.

For Upholstery Cleaning: Dilute 1:8 (16 ounces per gallon of water). Pre-test for colorfastness in an out-of-sight area. Mix 16 ounces per gallon of warm water in a bucket. Agitate the shampoo into a thick rich foam. Apply only the foam to the fabric with a clean, white cloth or upholstery brush. Avoid overwetting. After drying, vacuum.

Highly Concentrated Shampoo

Multiple Applications

Contains Dupont Zonyl® Soil & Stain Protector
