

TEAM PLEASCENT CLEAN

EXTENDED CARE

SOIL RESISTANT EXTRACTION & BONNET CLEANER

Technical Data

Specifications

Color:	Clear
Odor:	Pleasantly Fresh
Base:	Biodegradable detergents
pH:	9.3 + 0.5
Viscosity:	Water thin
Foam:	Low
Phosphate:	None
Rinsability:	Excellent
Flash Point:	None
Storage/Stability:	1 year
Weight Per Gallon:	8.58 lbs.
Freeze/Thaw Stability:	Keep from freezing

What the Pros Know

Solvents and surfactants capture soil and take it away from fibers quickly and completely. Dries rapidly and converts soil to a fine powder that disappears into the carpet to be vacuumed out at the next scheduled vacuuming.

Team Pleascent Clean

This product is one of several that feature the exclusive "Pleasant Scent" fragrance. The pros know that when you select multiple products with a common fragrance you are insuring that your facility will give a positive impression. Insist on Team Pleascent Clean cleaners and odor counteractants for your carpets, hard surfaces and restrooms.

Description

Ultra-low residue formula leaves no sticky residue to attract new soil. Cleans quickly and effectively. Soil is converted into a fine powder that can be easily vacuumed. Versatile cleaner ideal for spin bonnet and extraction applications. Soil retardant additive enhances stain resistance. Pleascent Scent fragrance.

Directions

Read all directions and cautions on the label prior to using. Consult the MSDS for recommended personal protection equipment.

Vacuum carpet thoroughly. Pre-test carpet for colorfastness in an out-of-sight area.

Portable Extraction: Dilute 1:64 (2 ounces per gallon of water).

Rotary Spin Bonnet: Dilute 1:32 (4 ounces per gallon of water).

Spray Method: Mix solution in a pump-up or pressure sprayer. Generously prespray carpet and allow 5-10 minutes dwell time. Do not allow to dry. Lightly spray the bonnet pad before bonneting. As the pad becomes soiled, turn over or replace.

Immersion Method: Immerse bonnet pad in diluted solution, then wring out tightly. Position bonnet on rotary floor machine. When both sides of the pad are soiled, rinse in clear water, wring out tightly, and re-soak in cleaning solution before proceeding.

Important Notes: Follow the cleaning procedures specified by manufacturer of the cleaning equipment. Avoid overwetting the carpet. To control foam from previous cleanings, add SSS Liquid Defoamer or Foam Eliminator to the recovery tank as necessary. After using this product, set the carpet pile and protect the carpet from furniture legs and bases while drying.

Unique Dirt-Encapsulating Technology

Extends Time Between Cleanings

Contains DuPont Zonyl® Soil & Stain Protector
