

FIBER-OXY

HYDROGEN PEROXIDE FORTIFIED CARPET CLEANER

Technical Data

Specifications

Color:	Colorless
Odor:	Very little odor
Base:	Detergent Blend
pH:	4.5 ± 0.5
Viscosity:	Water thin
Foam:	Very Low
Optical Brightener:	None
Phosphate:	None
2-Butoxyethanol:	None
Solubility:	Complete with water
Detergency:	Excellent
Rinsability:	Excellent
Biodegradability:	Complete
Storage/Stability:	6 Months
Weight Per Gallon:	8.59 lbs. Per gallon
Freeze/Thaw Stability:	Keep from freezing
Dyes:	None
VOC Content:	None

HMIS Hazardous Materials I.D. System

Health 2	Flammability 0
Reactivity 0	Personal Protection B

What the Pros Know

Hydrogen peroxide is an oxidizing bleach with the ability to "boost" the power of cleaning formulations. It is safer than using harsh chemicals such as butyl or chlorine bleach.

Professionally formulated multi-application products can reduce your inventory needs and simplify employee training. Fiber-Oxy may be used as a low moisture no-residue interim cleaning, a powerful pre spray, a deep cleaning extraction cleaner and as a spotter.

Description

A residue-free carpet cleaner that uses hydrogen peroxide to boost the cleaning power and eliminate odors. Multiple use as a low moisture cleaner, pre-spray and extraction cleaner. Safe on synthetic and natural carpets.

Directions

Read all directions and cautions on the label prior to using. Consult the MSDS for recommended personal protection equipment.

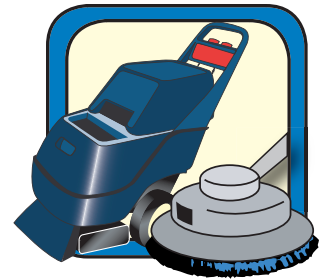

Vacuum the carpet thoroughly. Pre-test carpet for colorfastness in an out-of-sight area.

Low Moisture Cleaner - Dilute 1:10 (12 ounces per gallon of water). Generously spray the carpet with a pressurized sprayer. Pay special attention to any travel lanes and heavily soiled areas. Allow to dwell for 5-10 minutes. Agitate with a carpet rake. Allow the carpet to dry before vacuuming.

Prespray - Dilute 1:12 (10 ounces per gallon of water). Generously spray the carpet with a pressurized sprayer. Pay special attention to any travel lanes and heavily soiled areas. Allow to dwell for 5-10 minutes without drying. Rake carpet to loosen matted in traffic areas to increase soil removal. Extract with Carpet Rinse Plus.

Extraction Cleaner - Dilute 1:12 (10 ounces per gallon of water). Extract following the direction of the cleaning equipment manufacturer. For best results, follow with Carpet Rinse Plus to neutralize and condition the carpet.

Spotter - Dilute 1:8 (16 ounces per gallon of water). Remove solids and excess liquid with a clean, white absorbent cloth. Apply spotter. Agitate lightly from the outside of the spot to the center. Allow 3-5 minutes dwell time. Blot with a clean white absorbent cloth. Use SSS Brush/Scraper with a tamping action. Rinse well with water and blot dry. For best results rinse and extract with SSS Power Spotter.
