Description:

TRIPLE S DISINFECTANT CLEANING WIPES are thick pre-moistened antibacterial wipes that clean streak-free and kill 99.9% of some bacteria* from kitchen counters, stovetops, sinks, the outside of microwaves, refrigerators, and other similar appliances, walls, countertops, finished hardwood, cabinets, floors, toilets, diaper pails, trash cans, glazed tile, tubs, changing tables, sinks, chrome, shower walls, bathrooms, public restrooms, door knobs, faucets, telephone receivers and key pads, patio furniture, cribs, car interiors, computers, hand rails, wall switch plates, door frames, restrooms, urinals, desks, and dining room surfaces. [* *Salmonella choleraesuis (Salmonella)*, ATCC #10708, and *Escherichia coli (E. coli)*, ATCC #11229]

Markets:

Virtually endless but highlights include hospitals, nursing homes, medical centers, hotels, motels, employee rest areas, office complexes, apartment buildings and complexes, municipalities, jails, theaters, food service areas, restaurants, locker rooms, health clubs, schools and universities, washrooms and more.

Demonstrations:

Just use the product – from the first wipe you will see the obvious advantages. Be sure to point out the cloth quality, the fragrance and deodorizing potency, and of course the tremendous cleaning ability. Point out the foaming action and also how it quickly dissipates for no rinse cleaning. Also point out the no bleach/no alcohol formula which reduces flammability and the “hot and medicinal” smell often seen in alcohol based disinfectant wipes.
