

STERLING *Select*

Electronic TouchFree 10" Extra Wide Roll Towel Dispenser *with Reduced-Core™*

The longest battery life in the industry in a wider format for one-towel-per-hand dry!

ONE TOWEL...ONE DRY

#52002

Powered by new energy-efficient technology for extended battery life.

Accommodates rolls up to 10" for hygienic, single-towel-per-hand-dry use. Set the switch to dispense in either "paper hidden" (hygiene) mode or "paper exposed" (high traffic) mode.

LOWER COST IN USE

- New wide format means rolls last longer between replacements
- Wider paper encourages one sheet per dry, resulting in substantial paper savings
- Adjustable time delay controls usage between sheet cycles
- Fixed sheet length enables forecastable maintenance cycle

USER SATISFACTION

- With a simple flick of an internal switch, the installer can set the dispenser in either the high traffic or hygiene mode
- Manual feed system for fall-safe operation
- Low battery indicator alerts service personnel

HYGIENIC PERFORMANCE

- No touch operation for the ultimate in user hygiene—you only touch the paper used

UPSCALE IMAGE

- Stylish black smoke cover and graphite-gray back

EASY MAINTENANCE

- New, dependable electronic design reduces maintenance and extends service life
- Modular design provides easy, economical maintenance and repair
- Quick and easy loading
- Easy-clean surfaces

ECONOMY AND LONG LIFE

- Longest battery life in the industry, tested up to 100,000 cycles!
- High impact resins and stainless steel resist rust and corrosion from sanitizing solutions

Reduced-Core TECHNOLOGY

- Smaller core reduces waste and optimizes supply chain

STERLING *Select*

Hygiene Mode
(paper hidden)

High Traffic Mode
(paper exposed)

Electronic TouchFree 10" Extra Wide Roll Towel Dispenser *with Reduced-Core™*

- Hygiene Mode (Paper Hidden) — ideal for settings, such as healthcare, where cross-contamination is a high concern. The paper stays hidden in the dispenser until hand motion is detected under the sensor mounted on the front. Once hand motion is detected, a sheet will dispense.
- High Traffic Mode (Paper Exposed) — for busy restrooms where keeping the traffic flowing is important. Tear the exposed sheet, and the dispenser will automatically feed another sheet for the next user.

Reduce paper consumption with extra wide Sterling Select 10" rolls for one-towel-per-hand-dry.

- Energy efficient design tested up to 100,000 cycles
- Manual feed system for fail-safe operation
- Paper hidden or paper exposed options

For use with:

Sterling Select 10" Hardwound Roll Towel, White 6/cs, #76301

Sterling Select 10" Hardwound Roll Towel, Kraft, 6/cs, #76302

Specifications:

Unit Dimensions:	15-13/4" x 12-1/4" x 9-1/4" (40cm x 31cm x 23cm)
Weight with Batteries:	9.1 lbs (4.1kg) with batteries
Batteries:	4 D-cell (not included)
Finish/Color:	Black smoke cover/graphite-gray back
Paper Capacity:	1 roll
Roll Width:	9.5-10.25".(24-26cm)
Roll Diameter:	8"
Core Size:	Reduced-Core™
Units per Case:	1
Cases per Pallet:	28
Case Size:	17" x 15" x 10" (43cm x 38cm x 25cm)
SKU:	52002
