What the Pros Know

- Can be used on signs with reflective surfaces.
- Can be used on signs with vinyl lettering.
- Works on colored fiberglass signs.
- Can be used on signs with clear, transparent protective overlay sheeting.

Description

- Powerful, deep penetrating remover
- Designed for a variety of sign surfaces
- Versatile application methods
- Can be used for interior or exterior applications
- Extremely fast activation – 30 seconds
- Excellent graffiti removing results in one application
- No damage to original surface
- Biodegradable and easy water clean up
- Cost effective - saves time and money

DEFY Graffiti Remover is an easy to use liquid graffiti remover with deep penetration and fast acting power. DEFY is a chemical blend containing surfactants in a specially formulated solvent solution. DEFY quickly dissolves and breaks down most graffiti coatings with 30 seconds; allowing it to be easily removed by rinsing with water. Excellent removal from a variety of exterior and interior surfaces such as metal signage, painted surfaces, reflective surfaces, gloss surfaces, glass surfaces, some plastics and more. NOTE: Product may be inappropriate for clear plastic surfaces.

Directions

Wet the surface with water prior to full application. Liberally apply product to surface with sponge, rag or recommended chemical sprayer; letting the product activate for a minimum of 30 seconds before removal. Agitate with sponge or rag if necessary, then rinse surface area with water. NOTE: Always test product on small hidden area before application.

Graffiti Remover for Signs

•
Fast Acting & Biodegradable

•
Excellent Performance
