

# HEAVY ARMOR

## GRAFFITI REMOVER FOR METAL SURFACES

### Technical Data

#### Areas of Use

- City Municipalities
- County, State Maintenance
- Waste Management
- Utility Companies
- School Districts/Universities/Colleges
- Park Departments
- Transportation Facilities
- Property Maintenance
- Facility Maintenance
- Trucking Companies
- Stadiums/Arenas
- Service Contractors

#### Specifications

Available Sizes.....	12/1P, 12/1Q, 4/1G, 1/5G
Physical State.....	Liquid
Color.....	Medium Yellow/Amber
Fragrance.....	Strong Citrus Odor
pH.....	Not Established
Shelf Life.....	12 Months
<b>HMIS Hazard Rating</b>	
Health.....	2
Flammability.....	3
Physical Hazard.....	0
Personal Protection.....	H

#### What the Pros Know

- Can be used on pre-finished, color bonded and powder coated metal surfaces.
- Great for stainless steel, mild steel & ferrous metals.
- Works on galvanized, tin, aluminum and non-ferrous metals.
- Effective on removing chewing gum.

#### Description

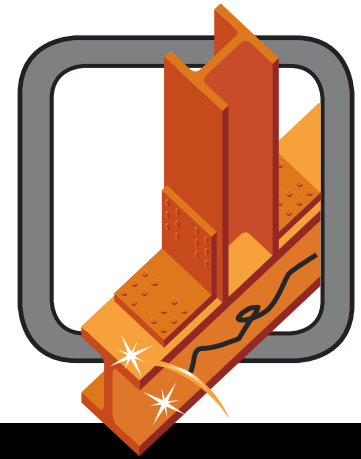

- Strong acting graffiti remover
- Designed for a variety of metal surfaces
- Versatile application methods
- Can be used on some plastics
- Fast activation – 60 seconds
- Rapid graffiti removal from both interior and exterior metal surfaces
- No damage to original surface
- Biodegradable and easy water clean up
- Cost effective - saves time and money

HEAVY ARMOR Graffiti Remover is a fast activating and easy to use liquid graffiti remover.

HEAVY ARMOR is a strong chemical blend containing surfactants in a specially formulated solvent solution. HEAVY ARMOR quickly dissolves and breaks down most graffiti coatings with 60 seconds; allowing it to be easily removed by rinsing with water. Excellent removal from a variety of exterior or interior metal surfaces, such as pre-finished metals, painted metals or natural metal surfaces and more.

#### Directions

Wet the surface with water prior to full application. Liberally apply product to surface with sponge, rag, or recommended chemical sprayer; letting product activate for a minimum of 60 seconds before removal. Lightly scrub with rag, sponge or scouring pad if necessary, then rinse surface area with water. NOTE: Always test product on small hidden area before application.

**Graffiti Remover  
for Interior and  
Exterior Metal  
Surfaces**

**Fast Acting &  
Biodegradable**
