

## SSS FOAMING CLEANSER WITH CHLORINE

- Product Name:** SSS Foaming Cleanser with Chlorine  
Product #64001 – Bi-lingual: English & Spanish
- Description:** Fine white powder with perfume added for fresh scent and pleasing aroma.
- Calcium carbonate is the active cleaning ingredient. This is the same ingredient found in all scouring powders including Ajax and Comet. Chlorine bleach outperforms oxygen bleach products when removing tough stains.
- Calcium carbonate, sodium carbonate, sodium dodecylbenzene, dichlorisocyanurate, perfume.
- Packaging:** SKU 24 each/21 oz. Shaker cans. 36 lbs per case.
- UPC:** 7 83218 64001 4
- Shelf Life:** One year dry storage – ambient temperature.
- Directions:** Shake cleanser onto dampened area. Allow to remain on surface(s) briefly. Scrub with a soft cloth or sponge. Rinse. Chlorine bleach formula is tough on heavy stains.
- Product Features:** The chlorinated bleach formula is designed for most surfaces. Do not use on fiberglass, painted or soft surfaces.
- Bleaches away heavily soiled stains. Mild abrasives will not scratch modern surfaces. Easy-rinse formula.
- Markets:** Excellent for institutional, health care, hospitality, janitorial and foodservice applications.
