- Transportation Facilities
- Property Maintenance
- Facility Maintenance
- Trucking Companies
- Stadiums/Arenas
- Service Contractors

Specifications

Available Sizes.....	12/1P, 12/1Q, 4/1G, 1/5G
Physical State.....	Liquid
Color.....	Medium Yellow/Amber
Fragrance.....	Strong Citrus Odor
pH.....	Not Established
Shelf Life.....	12 Months
HMIS Hazard Rating	
Health.....	2
Flammability.....	3
Physical Hazard.....	0
Personal Protection.....	H

What the Pros Know

- Can be used on pre-finished, color bonded and powder coated metal surfaces.
- Great for stainless steel, mild steel & ferrous metals.
- Works on galvanized, tin, aluminum and non-ferrous metals.
- Effective on removing chewing gum.

Description

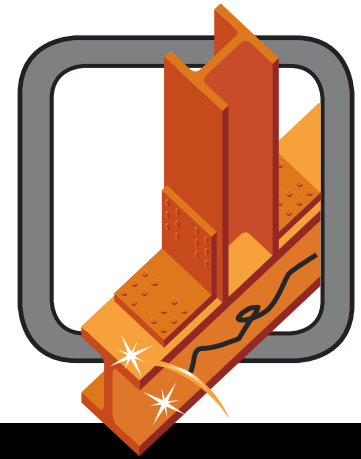

- Strong acting graffiti remover
- Designed for a variety of metal surfaces
- Versatile application methods
- Can be used on some plastics
- Fast activation – 60 seconds
- Rapid graffiti removal from both interior and exterior metal surfaces
- No damage to original surface
- Biodegradable and easy water clean up
- Cost effective - saves time and money

HEAVY ARMOR Graffiti Remover is a fast activating and easy to use liquid graffiti remover.

HEAVY ARMOR is a strong chemical blend containing surfactants in a specially formulated solvent solution. HEAVY ARMOR quickly dissolves and breaks down most graffiti coatings with 60 seconds; allowing it to be easily removed by rinsing with water. Excellent removal from a variety of exterior or interior metal surfaces, such as pre-finished metals, painted metals or natural metal surfaces and more.

Directions

Wet the surface with water prior to full application. Liberally apply product to surface with sponge, rag, or recommended chemical sprayer; letting product activate for a minimum of 60 seconds before removal. Lightly scrub with rag, sponge or scouring pad if necessary, then rinse surface area with water. NOTE: Always test product on small hidden area before application.
