

# LinPol

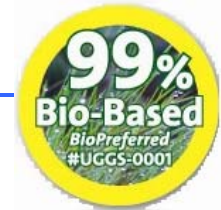

4-5 Liter/Case

## DESCRIPTION:

- Concentrated natural liquid soap (20% plant fatty acids) for cleaning and maintenance of all types of flooring.
- **Linpol is 100% biodegradable**
- Linpol is designed for **mechanical scrubber use only**

## TECHNICAL CHARACTERISTICS:

- A natural soap of fatty acids of soy, corn and coconut.
- Color: Amber
- pH (Pure): 13
- pH (in 2% Solution): 9-9.5
- **Bio-Based Content: 99% per USDA Certification**
- Biodegradability: 100% <15 days
- **HMIS Health Rating: 1 (in concentrate)**

## USE:

- Autoscrubbing of various surfaces; VCT, Concrete, Grouted Ceramic Tile, Terrazzo, Synthetic and Wood
- Leaves floors clean with a satin gloss
- Developed for use with cold water

## DOSAGE:

- Dependent upon the relative hardness of the water.
- **Normal Dilution: 0.65 oz. per gallon (1:200)**

## REMARKS:

- To ensure the consistency of Linpol's performance, **regular testing of the dilute product's pH is recommended**
- A variety of dilution control options are available for the dispensing of RTU Linpol
- **Linpol should be used in alternation with Delta Mild**, a neutral floor cleaner. Scrubbing twice a week with Delta Mild is suggested
- **European EcoLabel Certification pending**
