Proper application of Stop Bugging Me! is important  
These are the most effective areas and ways to apply SBM!

Spray behind and around  
all pictures, mirrors and  
wall fixtures

Spray behind window  
molding, sills, drapes, all  
window coverings

Spray along edges and  
behind Baseboards

Check lamps, clocks, etc.  
DO NOT SPRAY directly  
into electrical outlets

Remove all bedding and  
treat accordingly

Remove all drawers and  
spray drawer sliders,  
under drawers and all  
wood joints

Remove mattress and  
spray on all folds, tufts  
and edging. Spray box  
spring on all sides

Remove mattress and  
spray all wood, metal  
joints, inc. headboard and  
footboard

Pull all furniture away  
from walls

Spray all switches and  
outlets. DO NOT SPRAY  
DIRECTLY into electrical

Spray luggage and  
garment bags, inside  
closets

Spray in registers,  
ductwork and under  
edges of vents

Spray all carpets and  
flooring

If the room has heat registers or window air-conditioners – spray around outside perimeters.  
Remove cushions from couches and spray all sides, sides and under couch. Any flower  
arrangements (disassemble) and spray all accessories where bugs can hide.

# LAB TESTED STOP BUGGING ME! CAN WORK FOR YOU!

AMAZING ADD ON SERVICE TO YOUR EXISTING HOSPITALTY AND LODGING CLIENTS!

EPA FIFRA 25(b) GRAS NON-TOXIC FOOD DERIVED PREVENTS INFESTATIONS SAFE AND EFFECTIVE

*Stop Bugging Me! is a naturally derived all purpose insecticide that kills bed bugs and dust mites. A contact product which provides knockdown/kill and a broad spectrum control. Stop Bugging Me! is safe to use around children and pets and offers a pleasant botanical scent. Slight residual constituents continue a safe and effective killing filed in the treated areas, providing ongoing protection against a re-infestation as exhibited in test results. The residual effect is created by the synergistic compounds found only in the Stop Bugging Me! formula.*

FOR AS LITTLE AS \$5.00 PER ROOM PER MONTH, YOUR HOSPITALITY, LODGING CLIENT CAN DO THE SAME!

Your Hotel and Lodging Clients can self preformwith Stop Bugging Me!, utilizing their current housekeeping staff, Stop future infestations and minimize bad publicity as well as loss of revenue and property damage. This is also a phenomenal add-on service for your Carpet Cleaners, Restoration Companies and janitorial Companies that have a relationship with the Hospitality Industry and understand the necessity of diversification! Bloomberg.com report Hotel spending as much as \$60,000.00 to get rid of infestations, not to mention a hefty \$900.00 - \$1500.00 per inspection every quarter.
